

### **REMARKS**

Further to the Request for Reconsideration filed January 5, 2005, Applicants have filed this Supplemental Amendment presenting new claims 85-91. Support for the new claims can be found in the originally-filed application text and drawings. No new matter has been added.

Applicants request entry of new claims 85-91. As substantive examination of claims 59-62, 64, 66-68, 83 and 84 has already occurred, however, Applicants understand that new claims 85-91 may not have been constructively elected. Therefore, the Examiner may wish to withdraw new claims 85-91 from consideration as being nonelected.

New claims 85-91 are either the same as or contain substantially the same subject matter as claims 1, 2, 11, 12, and 32-34 from U.S. Application Publication No. 2004/0019378 A1, which published on January 29, 2004.

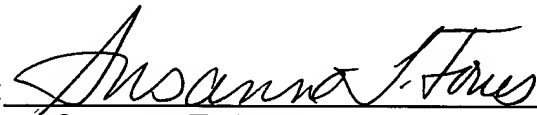

Applicants request entry of this Supplemental Amendment, as it should not raise any new issues and/or require a new search by the Examiner, as the Examiner may withdraw the newly presented claims. Should the Examiner have any questions regarding this Supplemental Amendment, he is invited to call the undersigned at 202-408-4445.

Please grant any extensions of time required to enter this Supplemental Amendment and charge any additional required fees to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,  
GARRETT & DUNNER, L.L.P.
